MONNALISA: H1 2019 REVENUES OF EURO 24.6 MILLION, OF WHICH 68% OVERSEAS; RETAIL CHANNEL GROWS 28%

- Revenues of Euro 24.6 million (Euro 24.9 million in H1 2018), of which 68% overseas
- Retail channel revenues of Euro 7.1 million (Euro 5.6 million in H1 2018)
- EBITDA of Euro 1.9 million and adjusted EBITDA of Euro 2.8 million
- Net Financial Position of Euro 0.1 million
- 47 sales points, rising 23% on H1 2018
- Further e-commerce channel development: flagship store opened on ALIBABA platform

Arezzo (AR), September 30, 2019 - the Board of Directors of **Monnalisa S.p.A.**, the operative holding company of the Monnalisa Group, the high-end childrenswear leader and listed on the AIM Italia market organised and managed by Borsa Italiana, met today and approved the Consolidated Half-Year Report at June 30, 2019.

Christian Simoni, Chief Executive Officer of Monnalisa, stated: "Our Group is continuing to expand significantly on the overseas markets through a network of newly-opened stores, on the basis of our retail channel-focused growth strategy and, more generally, on the direct-to-consumer market and the consolidation of Monnalisa's brand identity. The retail channel grew 28% in the initial months of 2019, driven by the major investment to open 8 direct stores in the US, UK and Europe. Although the Group's expansion policy requires a start-up phase for each new opening, absorbing over the short-term resources and with results materialising only in the medium-term, we intend to pursue this line of growth in order to build global market share. Our online presence continues to develop through the major agreement with ALIBABA, which consolidates our position in Asia."

H1 2019 key financial highlights

Sales **revenues** were Euro 24.6 million, compared to Euro 24.9 million in the first half of the previous year. In line with the Group's growth strategy, **retail** channel revenues grew to Euro 7.1 million at current exchange rates and Euro 7.0 million at like-for-like exchange rates, respectively up 28% and 27% on Euro 5.5 million in H1 2018. The retail channel was up 7 points on the first half of the previous year, thanks to the opening of new direct sales points, mainly overseas.

Wholesale channel revenues were Euro 16.7 million at current and like-for-like exchange rates, compared to Euro 18.6 million in H1 2018. The drop in wholesale channel sales follows the interruption to relations with the Japanese importer - where Monnalisa is working to enter the retail market independently - and the transfer to the concessions category of the client Harrods, which is therefore now included in the retail channel.

Summer collection shipment timings also impacted the wholesale channel. The bringing forward of summer shipments to December provides a major competitive advantage. Shipments in December 2018 therefore increased, with a corresponding reduction in the relative balance in the initial months of 2019.

Revenues by region indicate the major boost of 9% in Europe to Euro 6.7 million, both at current and like-for-like exchange rates (compared to Euro 6.1 million in H1 2018) and particularly thanks to the retail channel (in UK). Rest of the World revenues also increased slightly to Euro 10.1 million, both at current and like-for-like exchange rates (compared to Euro 10.0 million in H1 2018). The improvement (related to the retail channel) more than offset the drop in sales in Japan.

EBITDA was therefore Euro 1.9 million, compared to Euro 2.3 million in H1 2018.

The new openings in 2019 and 2018 are still in the full start-up phase, impacting margins and absorbing resources - above all as a result of overhead costs (personnel and rent).

Adjusted EBITDA was approx. Euro 2.8 million (Adjusted EBITDA in 2018 of Euro 3.3 million). The adjustments to EBITDA concern the DOS openings and closures in the period and a number of one-off costs incurred.

After amortisation and depreciation of Euro 1.6 million (increasing Euro 0.4 million over June 30, 2018), **EBIT** was Euro 0.3 million (Euro 1.1 million in H1 2018).

A Net Loss of Euro 0.1 million was reported (profit of Euro 0.7 million in H1 2018).

The Net Financial Position was Euro 0.1 million, compared to Euro 2.5 million at December 31, 2018.

Investing activity used cash of approximately Euro 2.5 million, of which Euro 0.9 million was invested in intangible assets, specifically expenses incurred on third-party assets for the opening of direct stores. Residual investments concerned the completion of the offices at the new building and the construction of the new showroom in Arezzo.
